Team challenge 1,05m

Special class specifications

- Each team will have 3 horse/rider combinations plus 1 team manager.
- All communications will be done through the team manager.
- Open to junior/amateur riders and a maximum of one professional per team.
- Team declaration must be made by the team manager before 4pm the day prior of the competition and must include a team name and a team order of go.
- Coordinated team attire is encouraged, otherwise, proper show attire.

CLASS CONDUCT:

Competition takes place over two rounds. The course remains the same for both rounds. Each round will be judged under a Table A round. The team will enter the competition arena together. Each team member will navigate the course one after the other following their set start order. Faults and time are added together to create a total team score.

At the end of the first round, the order of go will be reset, and the top 3 teams will return for the second round in the reverse order of their qualification standings.

Each round will be judged independently.

Each athlete must wait for the tone for their respective round.

PLACINGS:

The winning team will be the team with the fewest faults and lowest team time over the two rounds. In the event of a tie for any placing, the total team time of the second round will break the tie. In the event the teams are still tied, the time from the second round of the quickest rider will break the tie.

SUBSTITUTIONS:

In the event of injury or illness a team manager may substitute either a rider or a horse up to one hour before the start of the competition. In the event of a substitution, the team order remains the same.

ELIMINATION:

In the event an athlete is eliminated in the first round, the team is eliminated from the competition. In the event an athlete is eliminated in the second round, the team is eliminated from the second round, however, the team score from the first round remains for any possible placings.
